

Orlando FSDO FAAST Team presents:

Emergency Management

Emergency management - here's an opportunity for us to review an actual emergency situation and evaluate how this pilot reacted. We can learn through our analyses and individual reactions/suggestions for improved actions should we ever experience a similar emergency. For our scenario pilot, the outcome was tragic.

Certainly you and I will do better. Come join the discussion with your fellow aviators and learn what they would do in this particular scenario. This seminar will offer you 1 Advanced Knowledge Credit for your WINGS phase and will serve as the monthly IMC Club meeting. Your opinion is valuable to other pilots with less experience than you may have; please participate and share.

Directions: The Vigilante Room at Sanford Airport; it's in the Rental Car Building near the Commercial Airline Terminal. If you fly in to KSFB for this WINGS event, you can park at Millionair FBO and get a courtesy ride over to the seminar's location in the Vigilante Room.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
